

Celebrate Bringing Stories To Life with Storyteller Ken Iverson

**Storytelling - Live via Zoom
Saturday, April 10, 2021 4-5:30 PM**

**Stories build bridges, uniting distant shores as well as different ways of thinking.
A story can entertain, lead us on an imaginary journey and can also be healing,
both in the writing and in the telling of them.**

**Join us for this time of entertainment and discussion about the art of storytelling
and the rewards that come from writing your own stories.**

**Ken has been a professional storyteller since 1975. In 2014, he received the
National Storytelling Networks ORACLE Award for the Pacific Region.**
